

Zoetermeer, February 2006

Trescal gives a new name to Livingston Calibration in Benelux.

Livingston Calibration B.V. informs that it has changed its name to:

TRESCAL B.V.

adapting it to the Group's name and image in Europe. TRESCAL has 35 calibration centers located in 9 different countries in Europe where it develops high value added calibration services and technical assistance.

***Trescal** combines all the calibration activities of the Air Liquide group. European specialist in **calibration services**, Trescal is represented in 9 European countries (Belgium, Denmark, France, Germany, Italy, Luxemburg, Sweden, the Netherlands, Spain) and in Morocco. Thanks to its network of technicians and experts, Trescal offers its industrial customers a broad range of high value added services such as standard and accredited calibration, preventive and corrective maintenance, repair & sourcing services for test and measurement equipment as well as calibration management solutions with inventory management software. Trescal operates about 35 calibration service centers and employs 800 people across Europe; it services 15,000 customers in various sectors such as Defence, Aerospace, Aeronautics, Automotive, Power Generation & Utilities, Electronics Manufacturing, and Communications. Calibration sales totaled 70 million euros in 2005.*
